BUSINESS OPPORTUNITY & BENEFITS OF DXR REMOTE CONTROLLED DEMOLITION TRAINING COURSE

EVENT INVITATION

“Working together to get more out of business”

As the market develops the growth in the use of demolition Robots is expanding. It's the way of the future! As the market grows in contractors the Top100 move first into other areas of work. It was once Wiresawing that was seen as specialist, now we see capabilities in DXR Remote Controlled Demolition.

If you are looking to expand your business into the Remote Controlled Demolition Market and for Current DXR Owners, if you are looking to make the most out of your DXR and grow your business even further. Husqvarna is pleased to introduce to you the **Business Opportunity & Benefits of DXR Remote Controlled Demolition Training Course**.

The Husqvarna Business Opportunity & Benefits of DXR Remote Controlled Demolition Training Course will run over a 2 day period at **No Charge** to you. Husqvarna Construction Products will cover the 2 nights accommodation for the training course. You just need to get yourself there.
